Established in 2016, Frew & Co Rolled Ice Cream produces the freshest, tastiest and most entertaining ice cream you will ever experience.

We travel the UK, creating delicious ice rolls made instantly in front of the guest on a -30° cold plate. There are incredible flavour options which we turn into a fun, theatrical food display.

Discovered in Thailand by the founder Andy, he was one of the first to bring the concept to the UK. Why just have ice cream, when you can also have a captivating show too?

We cater to weddings, birthdays and any other private booked events, and turn them into an unforgettable experience for intrigued guests. It's the best tasting, most enjoyable ice cream you will ever have, **guaranteed**.

THE PROCESS

- 1 A flavour is chosen and ingredients are placed on the ice pan.

- 2 Ingredients start to freeze as they're chopped together.

- 3 The combination is spread onto the ice plate, ready for the best bit...

- 4 Right before your eyes the ice cream rolls are curled into shape.

- 5 They're served and ready to be devoured.

- 6 If the Topping Station has been added, go wild with garnishes!

The choice of flavours are truly endless.

We have an incredible mouth-watering list of recommended flavours, just ask us for the menu. We really have something for everyone.
